

Kavach Order Instructions

The silver medallion known as the kavach is a mathematical yantra which is worn as a pendant and protective shield.

The kavach is inscribed with the esoteric/mystical numbers of the functional benefic planets in your Vedic (eastern sidereal) astrological birth chart (natal horoscope).

The kavach is designed to strengthen all the benefic planets in your horoscope. By doing so it adds protective covering to your life and also reduces the afflictions caused by the malefic planets, both in the birth chart and by their daily transit positions.

In the USA kavaches have been provided to more than 3,500 people over the past 15 years. Everyone is free to return them for up to one month if the person is unhappy with it for any reason. Less than 20 of the 3,500 kavaches have been returned, as people get positive results. Please keep in mind the kavaches are hand-made and are not as pristine as American-made jewelry. There can even be some cuts, blemishes, or light or blurry numbers. Professor Choudhry, the esteemed elucidator of the Systems' Approach, has assured that there is no problem with them. As he says, the real power comes from the purity of the astrologer recommending the kavach, and the manner in which they are created and empowered in India under Professor Choudhry's supervision.
